

**The Essex A Section 25 mile Sights of London ride**  
**for Our Sixtieth Anniversary**

**Sunday 31<sup>st</sup> July 2011**

Members and non-members are invited to ride this 25 mile Sights of London ride.

Starting at **10am** on The Greenway, by the [View Tube](#) and Container Cafe, overlooking the Olympic Park. This is near Pudding Mill Lane station on the DLR, but bicycles however are not allowed on the Docklands Light Railway, so the nearest station if you are arriving by train with your bike would be Stratford, then make your way West along Stratford High Street to Pudding Mill Lane.

The ride goes out through the quieter back streets and makes use of off road cycle routes and greenways. Much of the route is traffic free.

You will see many of the famous London sights: The Royal Parks, Buckingham Palace, The Mall (closed to motor traffic on Sundays), Horse Guards Parade, Big Ben, Westminster Abbey, The London Eye, Tower Bridge and The Tower of London. You will ride a section of the new blue cycling super highway through London's Docklands and the East London Greenway.

We can have a picnic lunch in Hyde Park and finish where we started, on The Greenway.

I will lead a feeder ride from Gidea Park Station leaving at **8am sharp**. For people coming from different areas I can give directions nearer the time.

Hope to see you there so send me your application form; entry is free, entry forms in Signpost or Download from our website [www.fortypluscc.co.uk](http://www.fortypluscc.co.uk)

Bernie Curtis  
Essex A Section Secretary.
